Case Officer
Development Management
Wiltshire Council
Monkton Park
Chippenham
SN15 1ER

16 September 2016

Dear Mr Pearson,

Ref: planning application 16/06978/ful

I am writing to you to list my objection to the planning application 16/06978/ful, for the proposed residential development of 48 dwellings, with public open space, associated access, infrastructure and landscaping on the land south of Tewkesbury Way, Swindon Wiltshire.

Although the land in question falls within Wiltshire, the proposed scheme will have a disproportionately negative impact on my constituency. Development then of this type so close to Lydiard Country Park and Swindon will affect the rural setting of Lydiard Park, which is a heritage and leisure asset of local and national importance.

The land in question falls outside the line of development as outlined in Wiltshire's Local Plan and approved very recently by the Council & Planning Inspectorate.

This is an unwelcome proposal right on the doorstep of the historic Lydiard House and Country Park and it is not in accordance with the Local Plan and should be resisted.

Yours sincerely,

Robert Buckland QC MP
South Swindon
