Dear Miss Adams

Re: S/18/0461 | Erection of 14no. dwellings and associated works. | Pilgrim
Close Ramleaze Swindon

I am writing following Shaw Residents Association's recent meeting.

We wrote to you 14th April with a number of objections and suggestions about this proposal. We note that a new proposal has been submitted. However we find that we continue to object to the proposal.

We recognise that developers will get many forms of feedback and may choose to progress with proposals without making adjustments based on objections. However sadly we feel that our letter to you in April has had no effect and therefore our objections and suggestions from then are still the same. We find this very frustrating as the suggestions re bollards are seemingly relatively cheap and are based on local knowledge.

The parking situation is a significant concern. We do not understand why the survey included the medical centre parking. It does however highlight that parking in the Village Centre is an issue and the proposal will exacerbate the situation. Please also note that the 16 parking places referred to under-represents the situation because the gravelled area is used as well.

Shaw Residents Association continue to object to this proposal.

Yours Sincerely

Andrew Snowden
